*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

AUTHORHOUSE, United States, 2011. Paperback. Book Condition: New. 277 x 218 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is designed for the world of children and adults who are unfamiliar with the early 20th century farming culture. It is created as a teaching experience seen through the eyes of extraordinary art by artist, Mother Lizzie Wilkerson. Not only will the reader enjoy farm history in the form of art, but will also love the challenge of finding the details of each painting by number. The mysteries of knowing what are a well, a milk churn, a sausage making machine or a rub board are solved through the artist s work and clear descriptions. The second part exposes the reader to the classic model plan of the farm enterprise to produce new enterprises ranging from a lemonade stand to architecture, electronics or fashions using the Golden Seven Values- beginning with hard work and ending with rewards. To enhance this exciting journey, a poetic song entitled, We Are Producers/Consumers, is included for group or solo singing. The final section shows a picture album of young achievers for additional inspiration for excited learners to excel or go to the next level of production. In addition, a poem for memorization is included entitled, Your Winning Future.
